

Mission to Mexico cabinet meeting report, January 2012

School desks from Madison and medical supplies and aids from Deforest will be delivered to McAllan , Texas the second week of February. The Wisconsin Lions trailer will be filled with donated items that will go to Mexico.

Because of the continuing security problems along the border the February Rio Bravo mission has been canceled.

Thirty two Wisconsin Lions will conduct a clinic in Tuxpan in the State of Veracruz the week of January 22nd. With the help of Mexican Lions more than 4000 pairs of glasses will be fitted. There will be a mission to Nicaragua March 5th thru 9th. This is a first time mission in that country. Twenty three Wisconsin Lions will be involved. There are needs in other countries and with the unrest in Mexico other possibilities are being explored.

We thank all clubs who continue to support the Mission to Mexico project.
