

## **REPORT - 1st VDG Daryl Porter, D1 Cab. Meeting 1/22/12 Cross Plains**

**My 1st Vice District Governor duties since the 10/16/11 Cab. Meeting included: Attendance at 2012 Dist. Convention & program meetings, several Zone Meetings, Cuba City Lioness anniversary, by-monthly articles for our Dist. page in the WI Lion newsletter, a CEP meeting, attending the Monroe Lions Christmas party and the B2 Dist. Conv. in Green Bay to hear ID Ted Reiver from Conn.who will be our 2013 Dist. Conv. International guest.**

**Plans following this Cab. meeting include attending several more Dist. Conv. meetings, completing Region 1 & 3 Zone meetings, more articles for the state newsletter, the Stoughton Lioness anniversary, several Lions Club fund raisers and the Communicate Like a Leader training session.**

## **REPORT - Lions Club Extension, 1/22/12 Cross Plains Cab. Meeting. 1st VDG Daryl Porter**

**My Club Extension work continued concentrating on Clinton, WI. We used local news releases, posters as well as invitations by phone, mail & email. The first informational meeting was held on Dec. 8th with 11 prospective men & women attending with PDG Rick Daluge presenting an interesting power point orientation with several Guiding Lions/Mentors from the sponsoring Beloit Noon Lions participating. A 2nd meeting was held in Clinton on Jan. 3rd with DG Neil presenting a very interesting story about Lions with members of both Beloit Noon & Evening Lions present. Although the turn out was disappointing for the 2nd meeting, applications for 4 new Charter Lions were received. Increased recruiting will precede the next meeting planned for 1/30.**

**We're also still interested in future Lions Clubs for the following areas: Orfordville, South Wayne, Blanchardville, Barneveld, Rio & Fall River. Those areas seem to be good possible sites plus there may be potential at Epic Software. & Edgewood College. Ideas for these or other areas where we might organize a new Regular Lions Club, Branch Club or Campus Club, please contact Lion Daryl.**
