

REPORT - 1st VDG Daryl Porter, D1 Cab. Meeting 10/16/11, Brodhead, WI

Since the 8/7/11 Cab. Meeting, I've attended Zone meetings: Z3R3 in McFarland, Z1&2R3 in Cobb, Z1R1 in Janesville plus the DG Golf Outing near Stoughton. Lioness Mary & I toured the impressive Leader Dog School in MI with other 1st VDGs. We also traveled to the USA/Canada Forum in Anchorage, AK. While there, we enjoyed meeting many Lions for around North America, plus the great speakers and informative sessions. Of particular interest were those sessions dealing with issues relating to being DG. One of my goals while at the Forum was to schedule a new IDs for our 2013 Dist. Conv. That was accomplished with first year ID Alan "Ted" Reiver from Delaware. We signed up for next year's Forum in Tampa Bay, FL. and we'll continue to encourage others to give this Great Lions Experience a try. While in Stevens Point, recently, we had more leadership (DG) training, sat in on the Council of Governors meeting and learned about LCI's new Club Excellence Process.

Plans following this Cab. meeting in Brodhead include attending the first 2012 Dist. Conv. meeting in Middleton, several Zone meetings plus a trip to the 27-B2 Dist. Conv. in Green Bay where ID Ted Reiver will be speaking.

**REPORT - Lions Club Extension, 10/16/11 Brodhead Cab. Meeting.
1st VDG Daryl Porter**

Attended training on Extension of New Campus Lions Clubs plus 2 organizational meetings with students for our 2nd new Campus Lions Club at U/W Platteville. Also, spent some time prospecting in Clinton finding 6 people interested in learning more about Lions. We expect an early Nov. organizational meeting. We have a tentative meeting place and several possible Guiding Lions from Beloit. Your ideas for potential Charter members would be appreciated here or elsewhere.

We're also still interested in new Lions Clubs for the following areas: Orfordville, South Wayne, Blanchardville, Barneveld, Rio & Fall River. Those areas seem to be good possible sites. Plus, potential seems to exist at Epic Software. & Edgewood College. If you have any ideas where we might start a new Regular Lions Club, Branch Club or Campus Club please contact Lion Daryl Porter.
