

Wisconsin Lions Foundation

Winter is our off-season for campers, but our Retreat and Conference Center is doing well. We are booked up for the 2013 year. The extra income from this is really appreciated. In the off-season the repairs and cleaning are always ongoing.

January is Glaucoma Awareness Month. You can get our latest DVD on the complications of diabetes as well as the other three in the set by calling 888-463-6953 (Camp) at no cost to you or your club. A new project at Camp is to gather old newspaper articles and photos for our camp history which will be on an electronic format. As always, we also need craft supplies such as sponges, old ties, buttons, marbles, ping pong balls, ink markers and glue sticks. You can bring these items to camp or to our convention. We would like deer hides to be at camp by the 15th of February. As we have no missions to Mexico, our new Missions will be in Brazil and Argentina. Please continue to collect used eyeglasses and hearing aids.

Our staff is in the process of finding and hiring counselors for the upcoming camping season. Brochures have been sent to prospective campers and to Schools and past campers. So we are on our way to another busy camping season. Please remember your camp donations as they are always needed.

Respectfully Submitted
WLF Director Lion Sam Powell
