

WISCONSIN LIONS MISSIONS

There is one confirmed eye glasses mission planned for 2013. This will be in Granada, Nicaragua from February 25th to March 1st. 32 Wisconsin Lions will be participating. A second mission is being planned for Antigua, Guatemala from April 6th to the 13th. About 23 volunteers are needed for this mission to go forward. Haiti and Costa Rica are also being explored as possible mission sites. Mexico is still off limits although the need is still great and communications continue.

We still gather school and medical supplies for Mexico. The biggest need is for wheel chairs, walkers and other medical aids. These items will be taken to McAllan, TX in February. The Mexican Lions pick them up there so we don't have to cross the border. In late October Bill Taubman will be in the area with the trailer to pick up any items our District may have collected. Madison School District has several school desks to be shipped.

The January meeting of the Wisconsin Lions Mission will be on the 5th at Lions Camp.

Respectfully submitted:

Erling Isely
District co-chair
