

## **D1 October Hearing Committee Report**

D1 started the year at a balance of 5,194.10 and currently have a balance of 1,748.99 with the Wisconsin Lions Foundation Hearing program. There is 1 pending, and have been 4 approvals that have been paid. Most of the costs of the hearing aids are in the 500.00 to 600.00 dollar range on top of the 200.00 audiologist fee. There has been 1 new additional approval and rejection as of Friday. Based on the fact that we are in October and have several more months to go in the Lionistic year I am asking clubs to please consider some more funding towards the hearing fund so that we can continue to approve hearing aid requests as they come in.
