

# District Cabinet Meeting Report

## Children's Vision Screening

08/02/2015

**Digital Camera News:** Training Sessions for the PlusoptiX screeners were held throughout this past year. On 11/22/2014 a training session was held at Edgerton Hospital and 30 Lions and Lioness were re-certified or became certified on the PlusoptiX cameras. A second training session was held Friday afternoon at the Marriott during the District Convention. Over 20 Lions and Lioness participated in the session for certification and/or hands-on experience.

The table below shows the numbers of children screened in the District that have been reported to me and/or Prevent Blindness. Last year's reported numbers were 4914 screened and 373 referred. At 7,497 screened this year and 476 referred we have grown by 2583 (53%) more reported screenings. Keep the reports coming and keep expanding the screenings. It is a most worthwhile and satisfying service project.

### **Compiled Reported District Screenings: Many Clubs have screened on multiple occasions**

	<b>Screened</b>	<b>Referred</b>	<b>%</b>	<b>Method</b>
Albany Lions	31	2	6.45%	PlusoptiX
