There are 3 clubs that have scheduled screenings in the next few days using District screeners. There are several clubs that screened and reported last year that I have not heard from as of this time. If your club has screened and you don't see your name above with correct totals, please send me your results. It would be great to go over the 10,000 mark for the first time ever. We can do it if everyone gets their numbers to me.
