District MD27-D1 MyLCI Administrator Report
District Cabinet Meeting
October 15, 2017

All 58 Clubs got in their Monthly Membership Reports for the first 2 months of this Lions year 2017-2018.

Clubs reported Activities in the MyLCI system at a rate of 91% in July and 95% in August. Excellent job the first 2 months.

I am attaching the District Monthly Membership Reporting and Activity reporting so you can see where your club stands.

Don't forget that Diabetes has been added a fifth Centennial Activity.

There has been an added duty for Club Presidents, Secretary's and Leo Club Advisors that I am attaching to this report. I am still looking for more clarification from LCI

I know another District is working towards having all their Clubs at 100% in both Monthly Membership and Activity reporting. We will have our work cut out to stay as the **Number One District** in the state!

Keep up the good work and thanks for all your work last year.

Respectfully submitted,

PDG Richard "Dick" Schwedrsky
