District MD27-D1 MyLCI Administrator Report
District Cabinet Meeting
January 5, 2019

As of January 1, 2019, we ended up with a decline in the District's membership of 30 members. Still have 58 Clubs in the District.

All 57 Clubs got in their Monthly Membership Reports for the Lions year 2017-2018. District was short 1 club, 2 other Districts in the state have all of their clubs reporting in the first 6 months. We fell behind in the first 6 months, working with DG John to correct the problem as it is always the same club Wisconsin Dells.

All 58 Clubs have reported their Monthly Membership and Activity reports for the first 5 months of this Lions year. Great job done by all Secretary's and Service Chairs

Let's make sure the Monthly Membership Reports get back to 100% this year and the Activity reports go to 100% as well! This would mean all Clubs must have some type of Activity every month and report it. Remember that a club mtg or committee meeting qualifies as a activity.

Keep up the good work and thanks for all your work last year.

Attached is the District report for July 2018 to January 2019

Respectfully submitted,

PDG Richard "Dick" Schwedersky

District MyLCI Administrator
