

Building on the success of the No Lion Left Behind series, this year will see the District implement a plan that will assist clubs looking to retain their current members, add new members & grow their service.

To participate...

- Email jodi.burmester@gmail.com to opt in to this program
- Ensure your member email addresses are up-to-date by August 15
- Prepare your members to expect a member satisfaction survey in their inbox on August 22nd. Survey will be emailed to every Lion in 27-D1 with an email in MyLCI
- Get a team of Lions, with varying years of service, together to work through this year-long process
- Note: Regardless of whether your club opts into the Growing Happy Lions program, every club in the District will receive the member satisfaction survey results for their own club
