

Childhood Cancer Report

For August 3, 2025 Cabinet Meeting

At this time I am awaiting direction from the State Childhood Cancer Chair Terry Tevita who is of course consulting with the Council of Governors as to how they want him/us to proceed.

I encourage all clubs to help families and agencies in their communities. I ask that all clubs communicate with me what they are accomplishing.

Respectfully submitted,

Lion Julie Baglama
27-D1 Childhood Cancer Chair
