

Stuff the Bus 2025

The start of a new school year will be here soon and there will be students in need of school supplies. With the average cost to send one student back to school increasing each year, there are more families finding it difficult to find the resources to fulfill all their children's needs for school.

To combat the rising costs of school supplies, Lions Clubs in District 27D1 will continue working to **Stuff the Bus** with school supplies. This will be the 12th year that our District has supported Stuff the Bus.

The designated date for the District "Stuff the Bus" event is August 16, 2025. Though there is a District date, Clubs may hold their event whenever it works best for their local community.

All club Presidents and Secretaries have received information about Stuff the Bus 2025, including the summary report to be completed after the event.

What the District needs from the clubs:

We would like to know which clubs are holding Stuff the Bus events, the date(s) of the event and a tally of school supplies collected. If you use Facebook, please tag District27D1Lions and we will promote your STB events on the District Facebook page.

- 1. Please submit your planned Stuff the Bus event dates.**
- 2. Please tally what you collected and complete the attached STB Donation Report. Estimated price values for items are included. (Prices are online prices as of 6/30/25)**
- 3. Please submit the report to your District STB chair, Lion Bruce Voight.**
