Subj: UW Campus Club Update

We currently have nine members in our newly rebooted UW Campus Club. All officers are in place for the new year. It is the membership's intent to work with the eye bank under Adam's direction and in several environmental issues one of which may be the plastic film collection. I will be working with Cindy at RHTH to get the students involved with volunteer efforts there. We will be participating in the student organization fair at the Kohl center at the start of the spring semester to hopefully attract new members. The clubs leadership wanted to hold off until spring, giving them a chance to establish themselves and get involved with the aforementioned projects feeling that would help attract new members at the fair. It made good sense to me as well to hold off on the fair.

Respectfully Submitted,

PDG Bob Faliveno
