

R2 Z2 Zone Report

For March 13, 2026 Cabinet Meeting

My clubs are doing fairly well. We have a smidgen of growth but have lost a few members. Madison Central and Madison West are proceeding with merging to make one club a better option. I have attended club meetings this half of the year except for Madison Central (but some members were at a Madison West Club meeting that I was at) and UW Campus—I am still hoping to receive more information.

We are active. Fitchburg helped Verona host District Bowling and a good time was had by all who attended. Other clubs are doing their normal busy work. We are doing the Diabetes Awareness Scavenger Hunt at the District Convention. We have already discussed how to do Stuff the Bus.

A joint zone meeting was held with R3 Z1 on February 25th and it was well attended. Lion Andrea was a great helper.

We all could do a better job of reporting on the Portal so I will work on that since elections are happening and new officers have to be entered. I will also encourage clubs to attend Officer Training in June.

Respectfully submitted,

R2 Z2 Zone Chair Julie Baglama
